Worksheet 1 Parts of a Curriculum  See Module 1: Parts of a Curriculum

Review the two lists below to make sure you understand them. You will be carrying out each of these steps and developing each part in subsequent modules and worksheets.

Steps of Curriculum Development

1. Establish a need for the curriculum
2. Determine feasibility for the curriculum
3. Create the overall design of the curriculum
4. Develop the units and tests
5. Create a curriculum plan
6. Have the content reviewed by experts
7. Pilot test the curriculum
8. Improve the curriculum based upon pilot test and expert review results
9. Implement the curriculum

Parts of a Curriculum

1. Goals
2. Curriculum outline
3. Unit objectives
4. Unit content
5. Instructional strategies
6. Learner evaluation strategies
