Worksheet 4.3: Objectives - Example

See Module 4: How do you design a curriculum? Part 3: Objectives

Write objectives for your unit:

- Givens and Constraints
- Behavior: active verbs with objects
- Criteria

1. Write the components of the objective:

   Givens and Constraints:
   
   Given a simulated patient on the telephone,

   Behavior:
   
   On-call residents will complete a successful telephone encounter,

   Criteria:
   
   according to the course instruction and checklist provided in the course materials.

2. Write your objective as one complete sentence:

   Given a simulated patient on the telephone, on-call residents will complete a successful telephone encounter, according to the course instruction and checklist provided in the course materials.

3. Duplicate this worksheet for the remaining objectives for your curriculum.

   Add these objectives to the end of your curriculum plan.
