

Worksheet 4.1: Goal See Module 4: How do you design a curriculum? Part 1: Goal

Describe what graduates will be able to do or know after finishing your curriculum.

Example:

*Second-year medical students
will be able to take common vital signs
during a patient visit.*

**learners
performance
context**

Then write one or more goals for your curriculum. Each goal should specify the:

- learners
- real world performance
- context for the real world performance

1. Write the components of your goal.

The learners:

The real world performance:

The context for their real world performance:

2. Write your goal as one complete sentence.

Duplicate this worksheet if you want to have more than one goal for your curriculum.
